Dear Mr. Redd:

We have received your letter of September 6, 1979, regarding our activities on Redd Block IV in San Juan County and I must apologise for the fact that we did not send you a copy of our Reclamation Plan that we submitted to the State of Utah. By copy of this letter I am requesting that Mr. Dahlquist of our Uravan office send you a copy of that application. If you desire any further information after reviewing it, please contact either Mr. Gordon Irvine or Mr. Niels Haubold at this address.

We did inform you verbally in the meeting in mid July between yourself and Messrs. Haubold, Irvine, Greene and Hovis of our plans for the Redd Block IV. I would like to let you know again that we are willing to meet with you at any time and to provide you with any information you request on any project being done by Union Carbide upon property you have an interest in.

Very truly yours,

*J. D. Kirk by lrs*
